FOR the Average Church Statues are purchased but Once In A Lifetime - Why, then, experiment with the Quality ?

A wise choice will give joy to generations while inartistic work begets indifferentism where real religious inspiration should begin.

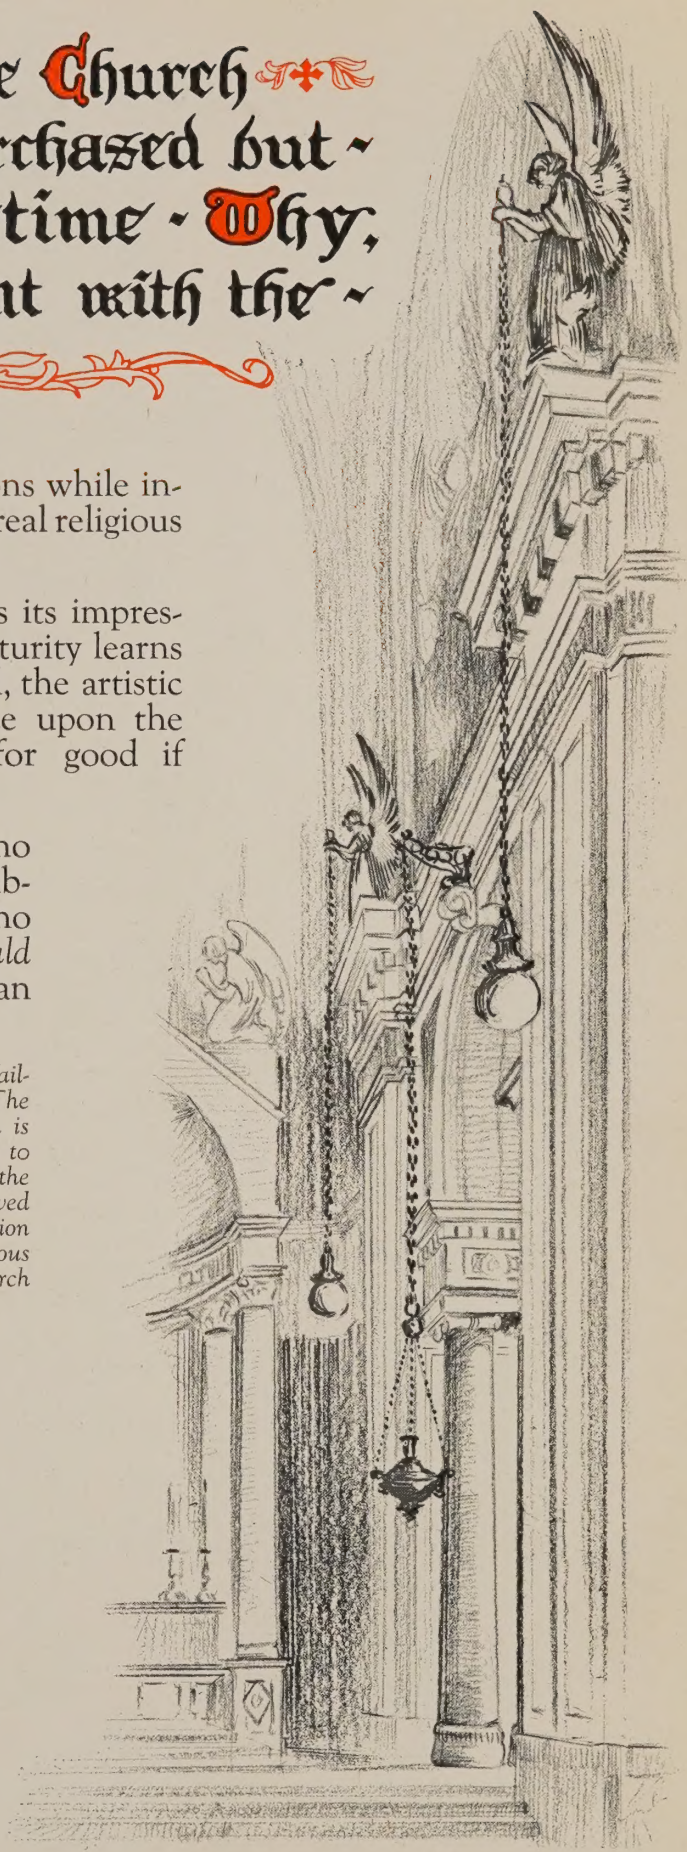
From the very first when childhood gains its impressions from external appearances until maturity learns to judge and classify the good and the bad, the artistic and beautiful wields a positive influence upon the mind which becomes a great power for good if properly applied.

ARTISTIC Statues in the church are no longer a question of choice—they are an absolute necessity in the opinion of those who understand their possibilities—and all *should* comprehend the potentialities of Christian Art.

A religious statue produced by a highly skilled artist will unfailingly draw the attention of anyone who might come near it. The interest at first may be wholly unconscious but the attraction is there, nevertheless, and that indescribable charm which seems to surround all really beautiful statues will leave on the mind the impress of its religious significance and the more often it is viewed the more profound will be its influence—as an aid to devotion such a statue becomes a veritable fountainhead of religious inspiration. Its value is above computation and every church should strive to possess its counterpart in every statue it has.

The studios of Daprato Statuary Company have for years striven for this artistic ideal in ecclesiastical art. Here artists and sculptors of exceptional skill and ability are encouraged to exercise their talents to the utmost so that Daprato Quality will exemplify the very best that human hands can achieve.

On the pages that follow are illustrated statues produced according to Daprato Standards of quality. Their beauty, their richness, their intense religious fidelity are not possible to display by mere pictorial representation, but the quality is there, nevertheless, and purchasers of these statues will find them far above commercial work produced purely on a competitive basis and valued merely in dollars and cents.



Please refer to page 109 for explanation of decorations

If in doubt as to the superiority of our work send for photographs

This group can be had with a dog instead of a lily if desired

We recommend our Pieta Groups to the most critical. The scene represented is executed with due regard for the importance of every detail. The impression to be had is that of sorrow and suffering, but in no wise will be found in our productions the exaggerated and unnatural effects that are seen in work of ordinary merit

No. 523. Pieta

	Style of Decoration *Rich*	*Ex. Rich*
Height, 4 ft. 2 in.; base, 4 ft. 6 in. x 2 ft. 6 in.	$174.00	$200.00

Height to top of head, 5 ft.; base, 33¼ x 25 in.,	$196.00	$225.00

A real art production, particularly in ecclesiastical subjects—should be the aim of every purchaser. A beautiful work in sacred art will excite earnest, fervid devotion, where inartistic work would fail even in conveying an intelligent idea of the saintly traits of the subject represented. But real art is above money and the work of the genuine artist cannot be offered at low, competitive prices. Recognizing this it will be seen that there is wisdom in the policy of judging this kind of work as it is—on its artistic merits—rather than by the price that is quoted. The best in ecclesiastical art is what will satisfy you most and in the end will prove more economical as well.

Stations of the Cross

Executed in Accordance with the Highest Standards of Ecclesiastical Art

THE FOLLOWING pages offer a generous selection of beautiful Station designs in styles and sizes that will meet average church requirements.

The display is not a complete showing of Daprato Stations, however, and other designs will be submitted, if desired, upon request. Prospective purchasers are invited to send for photographs or samples of the Stations themselves, for inspection and comparison.

Daprato Quality, ever synonymous with the best in religious art, offers in Stations of the Cross an excellence of workmanship that is absolutely unsurpassed anywhere. We welcome the opportunity of submitting samples of our Stations, as it is especially by this method that the great superiority of Daprato work is proven without question or doubt.

Stations of the Cross, created as they are for the sole purpose of giving religious inspiration during devotions, should reflect the hand of the master artist in every scene. Perfection is a prerequisite of their success. That is why the studios of Daprato Statuary Company lay claim to your first consideration. Our Stations are as perfect as it is possible to make them. Every detail is executed with artistic nicety. Personalities, characters, sacrifice and sorrow are revealed with touching realism. Beautifully colored in softly blended tones they not only accomplish a full realization of their purpose, but enhance the richness of the church interior as well.

Group Station of the Cross complete with bracket support

Seven beautiful bracket designs to choose from. See page 73 for distinctive architectural designs.

There Are Two Styles of Stations of the Cross

FULL FIGURE GROUPS ON BRACKETS AS ILLUSTRATED ON PAGE 62

AND

RELIEFS WITH BACKGROUNDS AND FRAMES AS SHOWN ON PAGES 64 TO 72

DAPRATO QUALITY is of proven superiority in both types.

It is only a question of taste and fitness as to which is chosen. In group stations each subject is a full figure. Each station is therefore a group of statues forming together a realistic tableau. Relief Stations are often preferred, because of the scenic background effects which their particular style makes possible. See following pages for illustrations and descriptions.

Group Stations of the Cross

Description of the Five Styles of Decoration We Furnish on Stations of the Cross

No. 1 DECORATION, SILK FINISH. Faces and all flesh parts in natural colors. Draperies either in white and cream, shaded, and richly decorated with gold, or in regular colors, either light or dark shaded and richly decorated with gold.

No. 2 DECORATION. Faces and all flesh parts in natural colors. Draperies in natural colors, not shaded, and richly decorated with gold.

No. 3 DECORATION. Faces and all flesh parts in natural colors. Draperies in white and cream, not shaded, with best gold decoration.

No. 4 DECORATION. Stations painted in one color, either white, cream, stone or deeper colors and decorated with gold, or in ivory, terra cotta, bronze, or marble effect.

No. 5 DECORATION. Stations painted in one color, either white, cream, stone or other plain color.

FRAMES on relief stations are usually finished in stone color and gold, oak and gold, or ivory and gold, except in decorations 4 and 5 where plain colors are used.

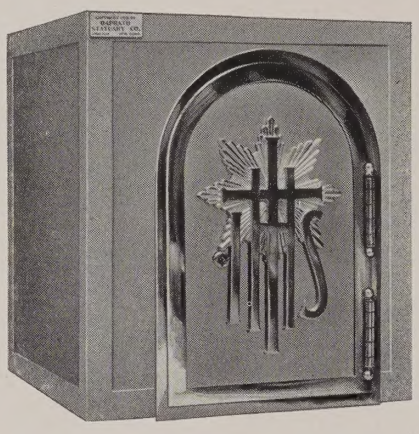
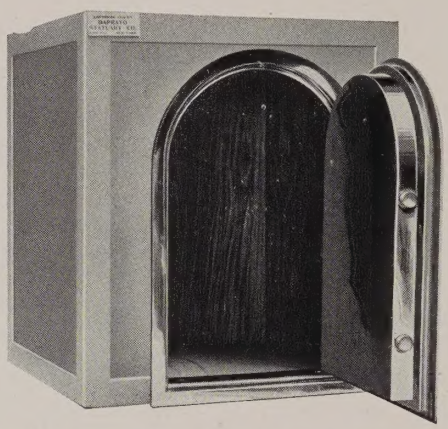
PROTECTION AGAINST BURGLARY AND FIRE

Daprato Statuary Company's Treasury-Lock Steel Tabernacle Safes

Maximum security at minimum cost. Heavy steel construction throughout. Doors that lock with powerful steel bolts operating on a simplified mechanism. One-quarter turn of the key will throw bolts in place. Nothing to get out of order.

State whether IHS, chalice, or cross is wanted when ordering safe No. 1886.



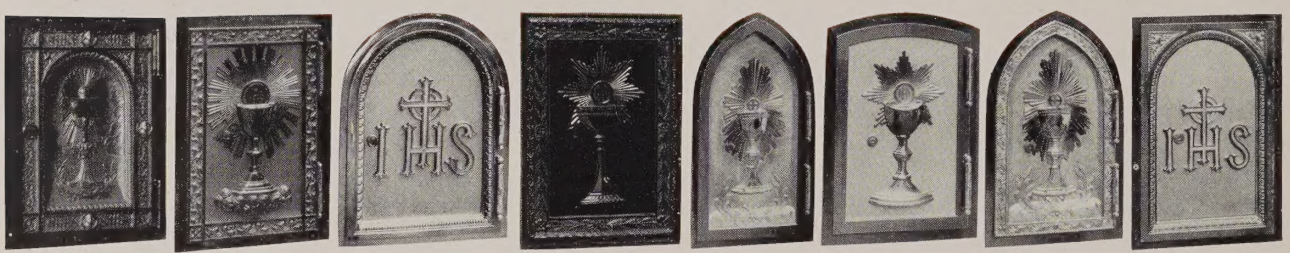


This safe can be furnished with square or gothic style door if desired.

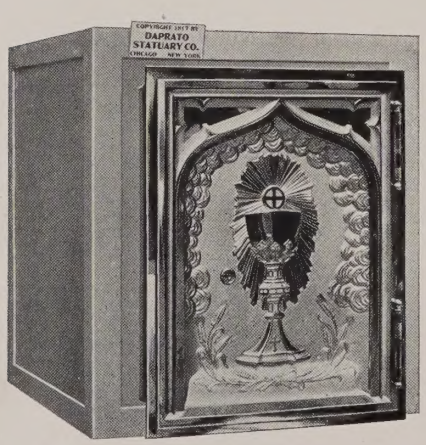
No. 1886

Standard size safe. Rich, handsome brass gold lacquered door
Height of door, including frame, 16¼ in.; width, 10⅞ in.
Steel safe—height, 18 in.; width, 16 in.; depth, 16 in.
Price complete.....$130.00

Send for photographs of these designs if a more ornamental door is wanted



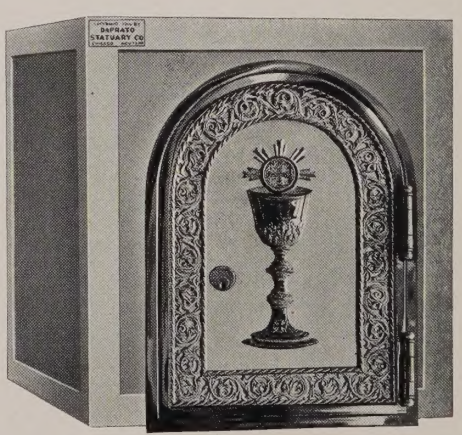
No. 1875 No. 2874 No. 2883 No. 1885 No. 2880 No. 2882 No. 2877 No. 1881



No. 1889

A gem of beautiful hand-chased workmanship
One of the finest doors on the market
Door and frame—height, 16 in.; width, 12½ in. Steel safe—height, 18 in.; width, 16 in.; depth, 16 in.
Price complete.....$217.00

Each door is of steel with an outer face of brass handsomely wrought and gold lacquered. The steel box can be furnished in any dimensions required, but front must be at least as large as our standard size door frame. Prices include cedar-wood lining, but silk linings and hangings are not furnished except upon special orders to that effect.



No. 1880

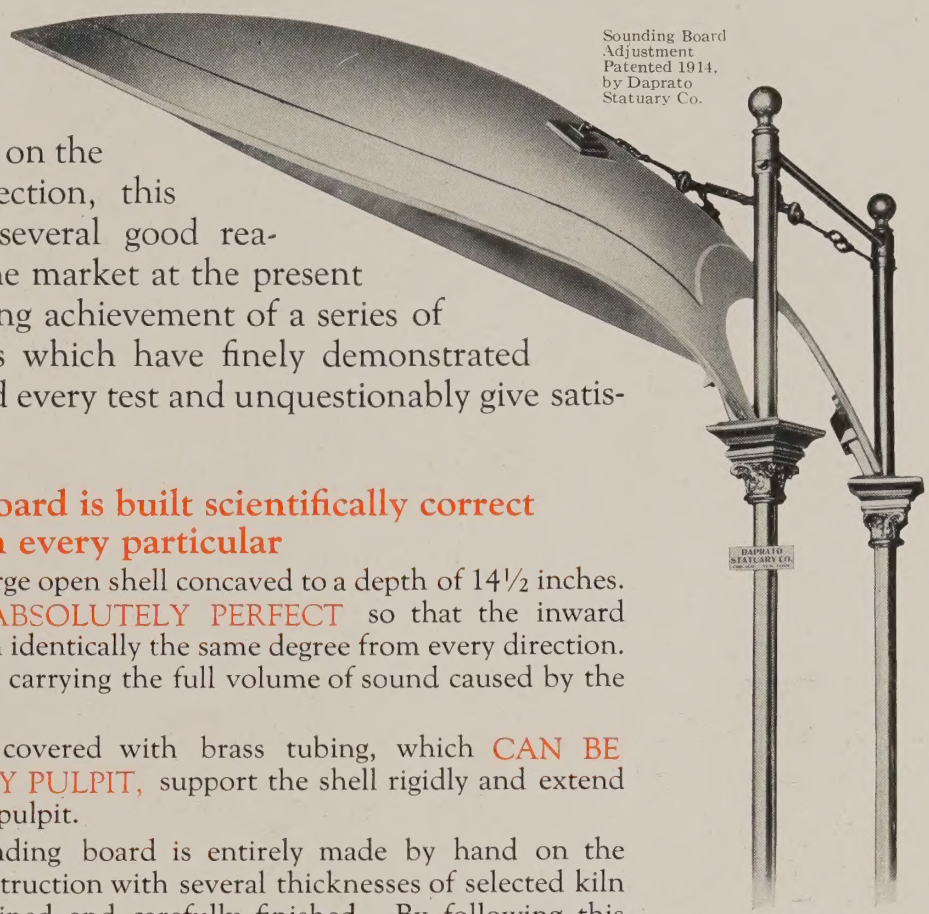
A pleasing design, highly ornamented with filigree work
Height of door with frame, 16¼ in.; width, 10⅞ in.
Steel safe—height, 18 in.; width, 16 in.; depth, 16 in.
Price complete.....$174.00

Equip your altar with a Treasury-Lock Steel Tabernacle Safe. Easy to install. Nothing more beautiful. Nothing more secure

SERMONS MADE EASIER AND MORE EFFECTIVE

The Daprato Sounding Board

Does away with distracting echos and makes the speaker's voice readily heard. Easy to install. Sure to please.



Sounding Board Adjustment Patented 1914, by Daprato Statuary Co.

ACCORDING to the opinion of those who have used it, as well as authorities on the subject of sound reflection, this sounding board, for several good reasons, is the finest on the market at the present time. It is the crowning achievement of a series of exhaustive experiments which have finely demonstrated its worth. It will stand every test and unquestionably give satisfaction wherever used.

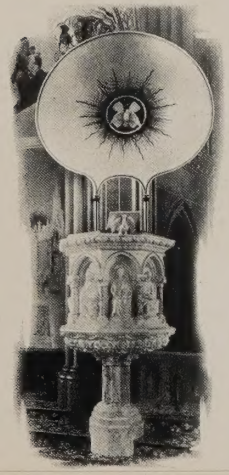
This sounding board is built scientifically correct in every particular

The shape is that of a large open shell concaved to a depth of 14½ inches. THE CONCAVITY IS ABSOLUTELY PERFECT so that the inward curve slopes to the center in identically the same degree from every direction. This is important to insure carrying the full volume of sound caused by the speaker's voice.

Two metal standards covered with brass tubing, which CAN BE ARRANGED TO FIT ANY PULPIT, support the shell rigidly and extend directly to the floor of the pulpit.

The shell of the sounding board is entirely made by hand on the laminated principle of construction with several thicknesses of selected kiln dried bass wood, cross-grained and carefully finished. By following this method of construction the shape of the board always retains its original form and is entirely free from the danger of warping or splitting.

Most important is OUR PATENTED SOUNDING BOARD ADJUSTMENT shown by right hand illustration. This adjustment makes it possible to tip the board at exactly the right angle. It is so simple and convenient to adjust that a few minutes is all that is required to arrange the board at any angle that will insure the best results.



Every word of the priest can now be clearly heard in every part of the church.
There is nothing in the church that has given such universal satisfaction. I cannot say enough in praise of its value.

REV. P. M. JONES,
Maysville, Ky.

With the aid of your sounding shell speaking in our church is a pleasure, all acoustic defects having been overcome. I would not part with it for many times what I paid if I could not get another.

REV. G. K. VANISCAK, O. S. B.,
Chicago, Ill.

The sounding shell has considerably improved the acoustics of the church. I shall recommend it whenever there is a church in need of such improvement.

REV. T. L. BIERMANN,
Evanston, Ill.

The installation of your sounding board has been a great success. At first I doubted your promises but now I confess they have been realized. Formerly half our parishioners could not hear at all; now all are satisfied.

FATHER CONRAD,
Monastere des Freres Mineurs Capucius,
Ottawa, Canada

Send for further particulars. Can be fitted to any type of pulpit. Made with double or single standards or can be attached to pillar in church if necessary.

MARBLE

Altars, Railings, Statues, Pulpits, Stations of the Cross Etc.

MARBLE ranks supreme as a means of beautifying the church interior. Its richness, beauty and permanence are universally conceded. It is symbolic of the very ultimate in the embellishment of our churches.

So characteristic of the best is this fine material that productions created of marble without artistry of execution are popularly rejected as absolutely worthless. To the artistic mind there is nothing so disheartening as to see this noble material debased by incompetent workmanship.

Just as marble typifies the best so too should its execution represent the artist's greatest effort to attain the artistic ideal.

It is in the Studios of the Daprato Statuary Company that this idealism is especially encouraged and cultivated. Only artists of recognized experience and talent are employed, and even these highly skilled men work under the supervision of a renowned master of art, widely known as an artistic genius.

There is only one quality of work produced in Daprato Studios. Our refusal to accept orders by competitive bargaining enables us to avail ourselves of the services of the best men and at the same time have recourse to the selection of the most choice marble blocks. The result is in evidence in all our work.

Whether they be Altars, Railings, Statues, Pulpits, or Stations of the Cross, we can truthfully claim our facilities for their production in marble are absolutely unsurpassed.

Consult us upon all your Marble work. Daprato Quality is bound to give entire satisfaction.

The Marvels of Art and Architecture
DAPRATO ALTARS OF RIGALICO and SCAGLIOLA

ANY PRIEST planning a new church, or the erection of new altars, will find it directly to his interest to investigate the altars made famous by Daprato Quality.

They are made in size and design to suit the individual requirements of any church or chapel, however large or small. Although conceded to have contributed most to the elevation of the art standards of the churches in America, these altars are comparatively moderate in cost, and churches of modest means will not find them out of their reach.

A mighty host of enthusiastic purchasers offers convincing proof of the satisfaction that will be yours if you place your faith in Daprato Quality.

Rigalico and Scagliola Altars are built for lasting durability. Their construction is so perfect that by no possible chance can they deteriorate. Time has no effect on them except possibly to increase their hardness and thus increase their permanence. The nature of these materials makes possible the creation of altars the magnificence of which surpasses written description.

Scagliola is produced with all the richness of marble and is frequently used in conjunction with the latter, some of our finest work being half marble and half Scagliola. The rich, beautiful colors of Nature's most costly marbles are found in Scagliola, perfectly reproduced. Even the high polish of marble is present in Scagliola.

Rigalico is a specially surfaced material and considerably less expensive than Scagliola. It possesses the same endurance, however, and is modeled into equally artistic designs. Highly skilled artists enable us to offer Rigalico Altars in marble effects, white and gold, ivory and gold, as well as countless other combinations.

Act in your own interests by investigating these Altars before you buy. The very fact that these Altars are fire and vermin proof entitles them to your first consideration. Absolutely and unqualifiedly we claim there is nothing to equal them on points of genuine merit.

BAPTISMAL FONTS
Made of Rigalico - Hardest and Most Durable of all Compositions

BAPTISMAL FONTS of necessity should be designed for lasting service. The material of which the Font is made should be hard enough to be proof against deterioration after years of service while the interior most of all should be proof against the deleterious action of water.

Daprato Studios have developed a style of construction which unquestionably makes DAPRATO Baptismal Fonts the most practical as well as the most artistic.

The exterior is entirely of Rigalico, a strong, durable composition which is entirely unaffected by atmospheric influence. This material is surfaced by a new process which results in a glazed finish that is extremely hard, serviceable and easily cleaned. The interiors of these Fonts are of vitreous china. *No other fonts offer this advantage.* Vitreous china is non-chipping and non-porous. It will not discolor or corrode. It will always remain immaculately white.

Each basin is sub-divided into three compartments as shown in accompanying diagram. The basin with waste water outlet is connected with a pipe that drains into the sacrarium, although a faucet can be attached to side of Font if this arrangement is preferable.

Pontifical Institute of Christian Art

THE combination baptismal font and service table shown on this page suggests a convenient arrangement for baptisms in churches where space is limited and a separate service table cannot be used. The construction is of Rigalico with a three-compartment vitreous china basin consisting of water reservoir, waste water outlet, and space for cottons, oils, etc. Over the basin a marble top with a hinged brass cover is arranged. For the purpose of storing baptismal requisites, a roomy compartment kept locked with brass door appears above the font, while below a drawer for records is conveniently placed.

Orbronze Statuary
Best for Outdoor Exposure

ERECT, imposing Monuments of imperishable Orbronze. The cost is no greater than that of inferior and temporary work. Statues of Orbronze possess all of the richness, beauty and permanence of bronze at a fraction of the cost. Once in place they require no further attention. No painting, refinishing, or cleaning is necessary.

Exposure to the elements has the effect of oxidizing the surfaces of these statues so that in time they acquire that weathered, antique bronze appearance so much admired in outdoor works of art.

If your Cemetery needs a new Crucifix, Crucifixion Group or Statue of whatever subject, write us for quotations. We have photographs of all statues described on opposite page and are in position to make up statues of other subjects at reasonable cost.

ORBRONZE STATUARY

Is Now Being Produced in Representation of the Subjects Given Below

STAINED GLASS WINDOWS OF THE BETTER GRADE ARE EXCEEDINGLY BEAUTIFUL TO LOOK UPON. No worshiper can contemplate their wealth of color and divine significance without feeling their uplifting influence.

They teach, they explain, they glorify the faith as nothing else can. The more artistic they are the greater the satisfaction they give.

DAPRATO STUDIOS have achieved a most notable success in producing what are considered by many *the world's finest stained glass windows.* Selected glass, perfect technique, and "an artist's inspiration" in each window combine to give them the great reputation they now enjoy.

When contemplating the purchase of Stained Glass give first consideration to the product of Daprato Studios.

Special Window Book free on request.

Two Windows from Daprato Studios

Note the beauty of detail, the excellent perspective of the scenes, and the artistic proportion of the figures. The wondrous splendor of thousands of delightfully blended colored glasses glows in these windows in countless varieties of shades and tints.

Antique Glass

Ornamental Window Combination Opalescent
and Antique Glass

Special Information

ALTERATIONS As the articles in this catalog are priced in accordance with the illustrations, any change of size, position or special decoration will entail a slight additional charge to cover cost.

ANGELS Some of the angels in this catalog are shown with uplifted wings, others with wings deflected. We can supply them either way, according to the wishes of the purchaser. Where angels are shown with deflected wings a slight additional charge will be made for raising them.

ANGELS—DECORATION According to the usual plan of artistic representation, our angels, when ordered in colors, are furnished one in delicate pink effect, the other light blue. When ordered in cream, both angels have the same decoration. Should you wish both angels in blue or both in pink it will be necessary to specify this when ordering.

BRACKETS AND PEDESTALS Can be made to fit into corners if desired, but the cost will be slightly more than the regular price.

CANDELABRA Unless otherwise specified, our candelabra prices never include electric light bulbs. We are unable to buy these bulbs at less than the regular market price and our customers, by obtaining them locally, run no risk of breakage. In some cities the electric light companies furnish bulbs free of cost to the consumer. If in any case a purchaser wishes us to supply the bulbs we will do so, charging them at cost to us.

COMPOSITION The composition of which our statuary is made is a greatly contributing factor to the satisfaction which our productions assure you. It is our aim to produce lasting as well as beautiful work and we therefore use a strong, hard composition which will give you sharp, clear-cut lines and a real wearing surface. When soiled, our statues may be washed with any pure soap and water and will last indefinitely.

CEMENT STATUARY Any of the statues illustrated in this catalog can be furnished in stone cement for use out-of-doors. The cost of making in this material will be cheerfully given upon application. We can furnish cement work in natural cement finish, which is that of a white marble effect, or in stone color. When desired we shall gladly quote cost of cement work painted in colors, but this style of decoration is not recommended, as colors quickly fade when exposed to the rays of the sun, and it is exceedingly difficult to procure the services of a competent artist when redecoration is necessary.

CRYSTAL EYES When a customer wishes a particularly life-like appearance in the face of a statue, it is possible to obtain this result by specifying crystal eyes. In estimating the slight additional expense it is well to remember that statues with infant require two pair.

The following scale of prices will indicate the additional charge to be made on statues ordered with crystal eyes:

STATUES WITHOUT INFANT		STATUES WITH INFANT	
2 ft. 6 in. or less	$3.75	2 ft. 6 in. or less	$7.50
3 ft.	4.50	3 ft.	8.25
3 ft. 6 in.	5.25	3 ft. 6 in.	9.00
4 ft.	6.00	4 ft.	10.50
4 ft. 6 in.	6.75	4 ft. 6 in	11.25
5 ft.	7 50	5 ft.	12.00
5 ft. 6 in.	8.25	5 ft. 6 in.	13.00
6 ft. and over.	9.00	6 ft. and over.	14.00

Pieta Groups, 3 ft. 6 in. or less. . . . . 1 pair $7.20; 2 pair . . $15.00
Pieta Groups, over 3 ft. 6 in. . . . . 1 pair 9.00; 2 pair . . 18.00

DECORATION The Rich and Extra Rich styles of decoration differ only in the style of the gold border on the statue. The Rich has a plain stripe of gold, while the Extra Rich is distinguished by a wide, ornamental gold border. In a few instances where new models are concerned and a special border would be inappropriate, the Extra Rich decoration consists of a special artistic treatment throughout.

Always specify plainly whether dark or delicate traditional colors are wanted—or if white and cream decoration is desired.

DELIVERY On all shipments that we make, we guarantee safe delivery to destination. Our goods are packed with exceptional care so that the danger of breakage is very small indeed.

FREIGHT CHARGES Inasmuch as we ship to all parts of the world it is manifestly impossible to include freight charges in our prices. All goods we ship go forward freight charges collect, unless we receive instruction to prepay the charges and add them to to the invoice. We make no charge for packing or cartage.

GUARANTEE All our work is guaranteed to represent the highest quality of materials and workmanship. Any customer who receives from us an article that is not exactly as represented is at liberty to return the goods at our expense. This guarantee is made in good faith, backed by our reputation of sixty years' honest and fair dealing.

HALOS AND AUREOLAS Halos and Aureolas even when shown in connection with statues represented are never included in prices printed unless specially mentioned in connection with the illustrations.

NAME PLATES The small name plates of Daprato Statuary Company shown on the bases of the statues in this book only appear on the illustrations and not on the statues themselves. The imprint of our company appears on all our work but in an entirely inconspicuous manner.

PEDESTALS AND BRACKETS Pedestals and brackets shown herein can be made to fit corners if necessary but this change will involve a slight additional cost.

PRICES The prices in this catalog are very reasonable and but fair recompense for the excellence of quality furnished. We maintain continuously a staff of artists of exceptional skill whose time is largely spent in experimentation in order to produce the finest effects. Our old customers will vouch for the fact that our efforts to improve the standards of ecclesiastical art have had far-reaching effect on the art standards observed in our churches throughout the country.

PROCESSIONS Any of the statues shown in this catalog can be furnished of special light composition adapted particularly for carrying in processions. Send for information and prices.

REDECORATING STATUES If your statues or stations of the cross should at any time be in need of redecoration do not make the mistake of entrusting this work to transient painters or so-called artists of doubtful ability who are apt to ruin the models. In the first place the best results cannot be obtained by painting the statues on the premises no matter how good the artist. Even if it entails some little trouble, take the pains to pack them and send them to our studios, where we have the proper facilities for doing the work to best advantage. We can return them very likely better than when new. A single artist is seldom competent to decorate an entire statue. We employ specialists each of whom would decorate that part of the statue in which he is most skilled.

STATIONS OF THE CROSS When ordering stations of the cross, don't overlook mentioning the color of frame desired. We can supply frames in any decoration to suit the church interior. See our explanation of decorations given in connection with the station illustrations in this book.

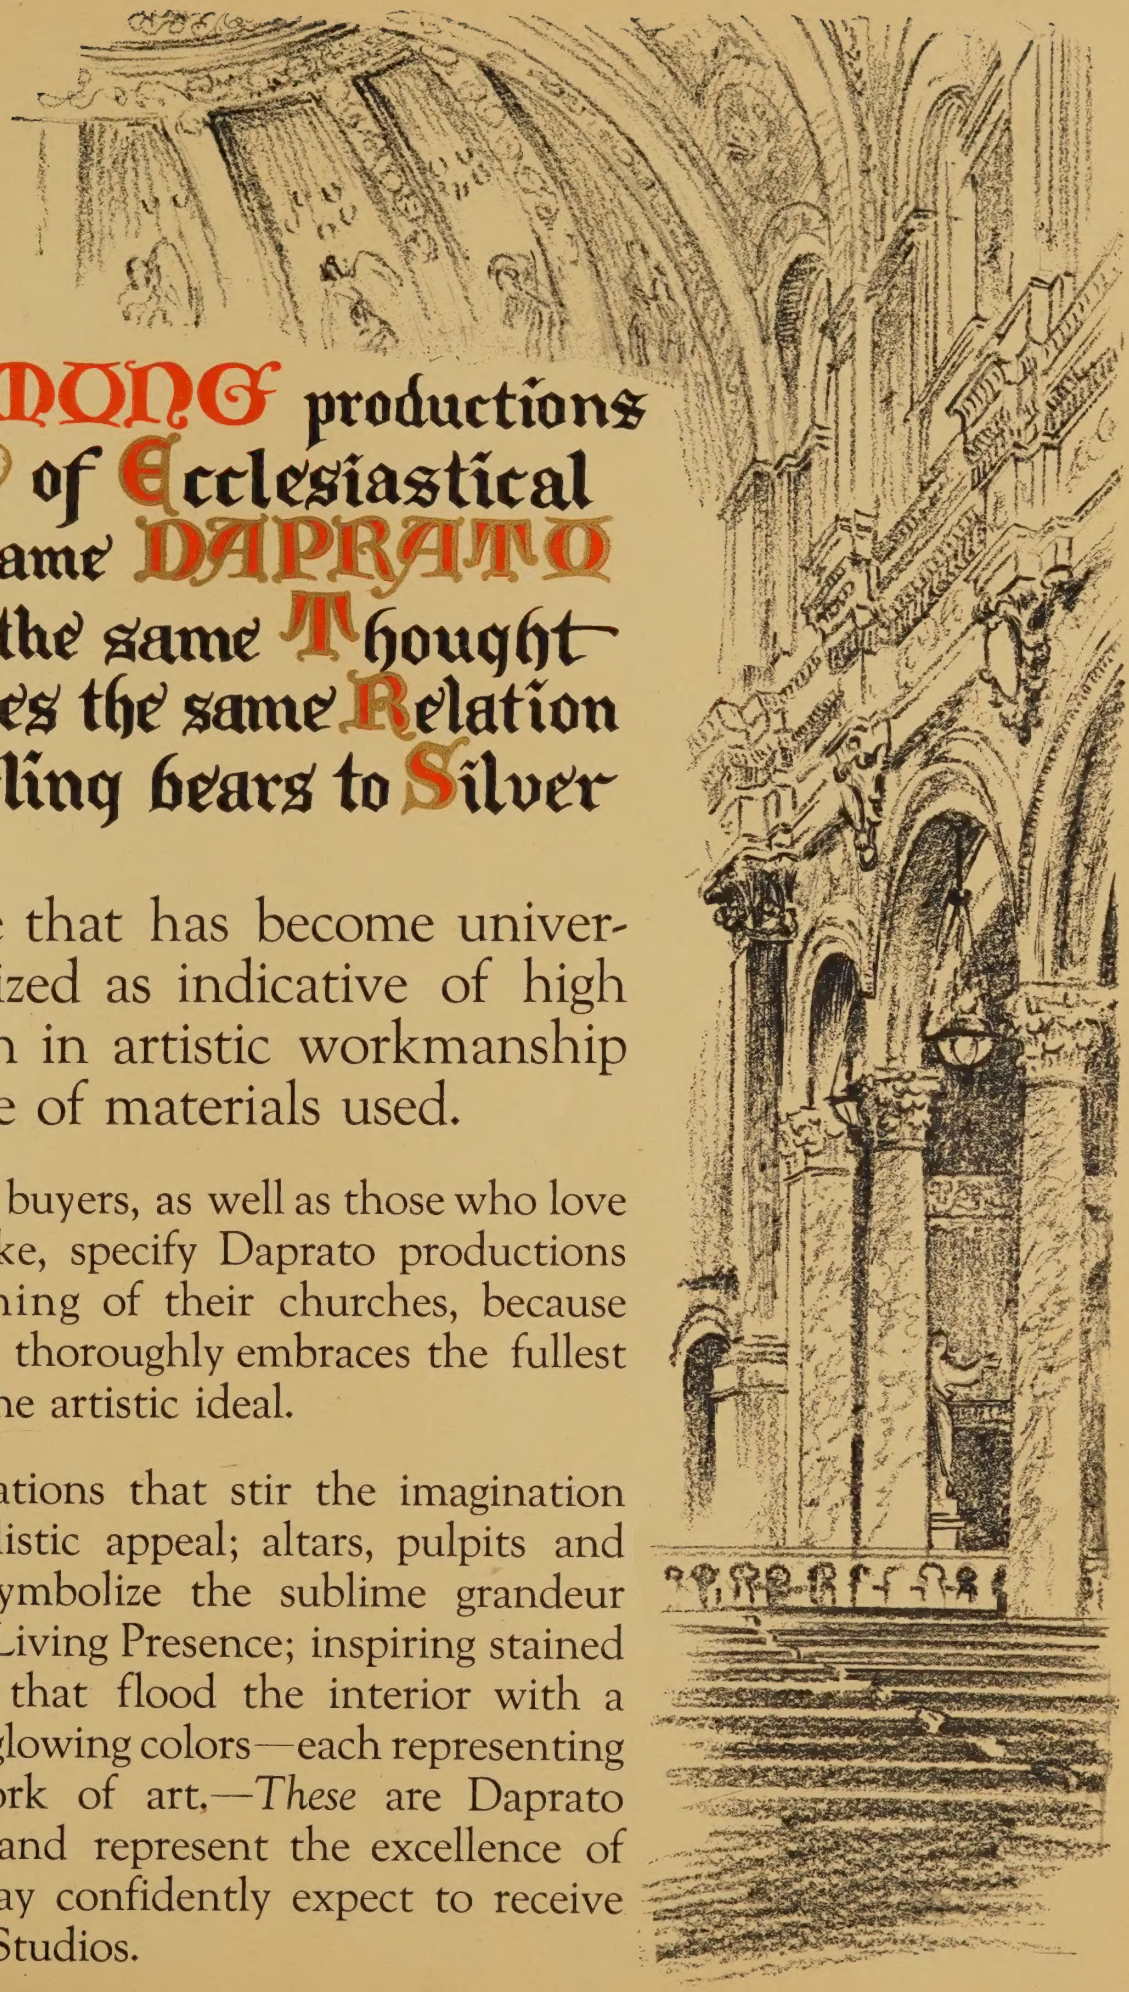
AMONG productions of Ecclesiastical Art the Name DAPRATO Conveys the same Thought and Implies the same Relation that Sterling bears to Silver



It is a name that has become universally recognized as indicative of high quality, both in artistic workmanship and in grade of materials used.

Discriminating buyers, as well as those who love art for art's sake, specify Daprato productions in the furnishing of their churches, because nothing else so thoroughly embraces the fullest realization of the artistic ideal.

Statues and stations that stir the imagination with their realistic appeal; altars, pulpits and railings that symbolize the sublime grandeur that is due the Living Presence; inspiring stained glass windows that flood the interior with a golden aura of glowing colors—each representing in itself a work of art.—*These* are Daprato characteristics and represent the excellence of quality you may confidently expect to receive from Daprato Studios.
